

With a rustic, beach pebble look that is both distinctive and stunning, COOKIE WALK TUMBLED SLATE (CWTS-1) is perfect for any garden, walkway or landscape project. Each slate "pebble" shimmers with a satiny sheen that glistens in the sunlight and darkens to richer shades of Ebony or green when wet.

International Slate & Stone achieves the innovative look of Cookie Walk by tumbling small, random-sized oval to round pieces of slate in a sand mixture perfectly calibrated to lightly abrade and polish the natural stone. The result is a heightened, more intense cast for the stone.

Beautiful? Yes. But this unique landscaping stone, available exclusively from International Slate & Stone, is also surprisingly uncomplicated to work with. Once the desired effect is achieved by the tumbling process, the finished pieces of slate, measuring from three to five inches in diameter with a thickness of one half an inch, are attractively arranged on a plastic mesh backing for ease of handling and faster installation.

Cookie Walk is available in rich tones of Ebony or Muted Green and comes in two mat sizes, 16 inches by 16 inches (16" x 16") and 12 inches by 24 inches (12" x 24"). This exciting new product may be purchased by the twenty-foot container load. Each container will hold

twenty crates. Crates can be packed bulk or with boxes of five mats in each box. Shipping time is approximately four to six weeks. All International Slate & Stone products exceed the highest standards for quality set by both the US and UK for slate products.

Minimum Orders

International Slate & Stone is now offering value-savings with minimum orders as low as four crates for our complete line of slate roofing, flooring and landscape tiles. Please calculate your slate needs to the full load. For

example, a full crate of Slate contains 360 square feet. If you need 1,500 square feet, please order five crates. Sorry, we cannot accept orders for partial crates.

To order, or for more information, contact us today at 1-810-919-1285 or visit the web site at www.internationalslateandstone.com.
