

Natural Cleft Face

Introducing two new series of our Interlocking Paving Mats mounted on nylon mesh. The surfaces are a Natural Cleft Face with chiseled edges with a smoother surface, and our Rustic Cobble Stone look. Both selections can be sand tumbled after chiseling for an even smoother look. We offer a wide range of colors and stone materials. Paving Mats are easily installed and suitable for both interior and exterior, floor or wall applications, and ideal for landscaping projects.

Interlocking Natural Cleft Face is blade cut and the edges are then chiseled and the pieces are bonded to a nylon mesh to create an Interlocking Mat.
